

Collaboration – User Questions & Answers

1. How can I find creators to collaborate with?

You can discover creators through Fameo based on their profile, skills, interests, content, or niche.

2. Can I collaborate with creators outside my niche?

Yes. You can collaborate with creators from different or related niches if their skills and content match your project.

3. How do I contact a creator for collaboration?

Open the creator's profile and use the available collaboration/contact option to reach out.

4. How do I send a collaboration request?

Go to the creator's profile, choose the collaboration option, and provide details about your project or idea.

5. Can I accept or reject a collaboration request?

Yes. You can review the request and decide whether to accept or decline it.

6. How do I know if a creator is interested in collaborating?

You can check their response to your collaboration request or message.

7. Can multiple creators collaborate on one project?

Yes, a project can involve multiple creators depending on the project requirements.

8. Can I collaborate with brands or businesses?

If the platform provides brand/business collaboration opportunities, you can connect with them for suitable projects.

9. How do I plan a shoot with another creator?

Discuss the shoot concept, date, location, roles, required equipment, and deliverables with the collaborators before starting.

10. Can I schedule a collaboration for a future date?

Yes, you can coordinate and agree on a suitable future date with the other creator.

11. How do I decide who will do what in a collaboration?

Discuss and clearly agree on each person's role, responsibilities, and expected deliverables before the project.

12. Can I change the date or details of a collaboration?

Yes, communicate with the other collaborators and agree on the updated details.

13. What if another creator doesn't respond to my collaboration request?

You can wait for their response or reach out to another suitable creator.

14. What if a creator cancels a collaboration?

Contact the creator to understand the situation and discuss whether the project can be rescheduled.

15. Can I cancel a collaboration?

If cancellation is supported, you can cancel it according to the platform's collaboration rules.

16. Can I collaborate with someone I don't know personally?

Yes. You can connect with creators through Fameo and discuss the project before agreeing to collaborate.

17. How can I choose the right creator for my project?

Check their profile, content, skills, interests, audience, and previous work to see whether they fit your project.

18. Can I discuss project requirements before accepting a collaboration?

Yes. It is recommended to discuss the project details, expectations, timeline, and responsibilities beforehand.

19. Where can I see my collaboration requests?

You can view your received and sent collaboration requests in the relevant collaboration section of your Fameo account.

20. Can I track the status of my collaboration request?

Yes, where supported, you can check whether your request is pending, accepted, or declined.

21. What should I include when requesting a collaboration?

Include the project idea, what you need from the creator, expected deliverables, timeline, and other important details.

22. Can I collaborate with creators from different locations?

Yes, depending on the project. You can collaborate remotely or coordinate an in-person shoot if practical.

23. Can collaborations be paid or unpaid?

This depends on the agreement between the collaborators and the type of project.

24. How do I discuss payment for a collaboration?

Discuss the payment, deliverables, deadlines, and terms clearly with the other party before starting the project.

25. What if we disagree about the collaboration?

Try to resolve the issue through clear communication. If Fameo provides a reporting or support option, you can contact support when necessary.

26. Can I report a creator for inappropriate collaboration behavior?

If the creator violates Fameo's rules or behaves inappropriately, use the available reporting or support option.

27. Can I collaborate with the same creator again?

Yes. You can contact them again for future projects if both parties are interested.

28. How do I find creators with specific skills?

Use available search, profile, category, or interest filters to find creators with the skills relevant to your project.

29. Can I create a collaboration project and invite specific creators?

If the feature is available, you can create the project and invite creators who match your requirements.

30. What happens after a collaboration is completed?

You can complete the agreed deliverables and, where available, leave feedback or continue working together on future projects.
