

Getting Started — Registration, Login, Onboarding & Account Creation

1. How do I create a Fameo account?

Open Fameo, select **Sign Up/Register**, enter the required details, and follow the on-screen steps to create your account.

2. How do I register on Fameo?

Go to the Fameo website/app, choose **Register**, provide your details, verify your account if required, and complete the onboarding process.

3. Do I need to create an account to use Fameo?

Some features may be available without an account, but you need an account to access personalized features and create/manage your Fameo profile.

4. How do I log in to Fameo?

Select **Login/Sign In** and enter the credentials you used when creating your Fameo account.

5. I forgot my password. What should I do?

Use the **Forgot Password** option on the login screen and follow the instructions to reset your password.

6. I'm not receiving the OTP. What should I do?

Check that you entered the correct phone number/email, wait a few moments, and try requesting the OTP again. Also check your spam/junk folder if applicable.

7. Why am I unable to register?

Check that all required information is entered correctly and that your internet connection is working. If an error appears, note the exact error message and contact Fameo support.

8. Can I create more than one Fameo account?

Follow Fameo's account rules regarding multiple accounts. If you need another account for a specific purpose, check with Fameo support.

9. What information is required during registration?

Fameo may ask for basic information required to create and set up your

account. Only provide information requested by the official Fameo registration process.

10. What happens after I register?

After registration, you can complete your onboarding, set up your profile, and start using the features available to your account.

11. What is onboarding?

Onboarding is the initial setup process that helps you complete your profile and configure your Fameo account so you can start using the platform.

12. Can I edit my profile after completing onboarding?

Yes, profile information can generally be updated later through your account/profile settings.

13. Why is my account not getting created?

Make sure the required fields are completed correctly and that any verification step is completed. If the problem continues, contact Fameo support with the error details.

14. Can I use Fameo on both the website and app?

If you have access to both, you can use the same Fameo account to sign in, subject to the features supported on each platform.

15. How do I complete my Fameo profile?

After creating your account, go to your profile/account section and add the required information and profile details.

16. Is registration free?

Account creation may be free, while some Fameo features or services may have separate pricing. Check the relevant Fameo feature for current details.

17. How do I start making money on Fameo after creating an account?

Create and complete your profile, use Fameo's available earning/monetization features, build your audience or connections, and participate in activities that can generate income.
