

Fameo Product Overview

1. What is Fameo?

Fameo is a platform that helps users discover, follow, and connect with creators.

2. What problem does Fameo solve?

Fameo makes it easier to find trusted creators and discover relevant recommendations without searching through countless profiles.

3. Who is Fameo for?

Fameo is for people who want to discover creators and for creators who want to connect with potential audiences and collaboration opportunities.

4. What can I do on Fameo?

You can discover creators, follow them, save favourites, explore content, and connect for collaborations.

5. What is the main purpose of Fameo?

The main purpose is to make creator discovery and collaboration easier.

6. How is Fameo different from other social media platforms?

Fameo focuses more on creator discovery, recommendations, and meaningful connections rather than traditional social-media feeds and advertising.

7. What types of creators can I find on Fameo?

You can discover creators from different categories such as food, fashion, music, health, photography, weddings, and more.

8. Can I follow creators on Fameo?

Yes, you can follow creators you are interested in.

9. Can I save creators on Fameo?

Yes, you can save creators or profiles to your favourites for easy access later.

10. Can I collaborate with creators through Fameo?

Yes, Fameo is designed to make creator collaboration easier.

11. Does Fameo have advertisements?

Fameo's website describes the platform as **ad-free**.

12. Is Fameo free to use?

Fameo currently provides access to its platform during its beta phase; specific paid features or pricing may vary.

13. Is Fameo available now?

Yes. Fameo is currently available in **beta**.

14. What makes Fameo useful?

It helps users discover relevant creators more easily and helps creators get discovered by the right people.

15. How can I make money using Fameo?

Creators can use Fameo to get discovered by potential clients, brands, and collaboration opportunities, which can help them earn through creator collaborations and paid opportunities.

16. Can creators get paid collaborations through Fameo?

Yes. Fameo is designed to help creators connect with people or businesses looking for creators for collaborations.

17. How does Fameo help creators earn money?

By improving creator discovery and connecting creators with relevant collaboration opportunities, Fameo can help creators turn their audience and skills into paid opportunities.
